A letter dated Fairhaven, Wash., June 11th, and forwarded to Dr. C. A. Milton, states that Elder N. G. Collins was stricken with paralysis while in church, and that he had lost entire use of his left side, and was helpless. The doctor in attendance says the elder may rally and get up and about again. He is quite nervous but perfectly rational. He was a delegate to a Baptist association, and the paralytic stroke occurred while he was absent from home. Elder Collins is about 84 years of age.

Dr. O. H. Simpson rode over a trail while on a recent visit to Clark county, that is worthy of mention. The trail was made by General Custer during the Indian war campaign, by drawing cannon over it. The trail goes over a hill, and is known as Mount Jesus. An Irishman who had charge of the wagon train and finding difficulty in crossing the ridge, said "This is a mountain, by Jesus." Recognizing the ready wit of the Hibernian, General Custer suggested the name of the trail as above.

## Death of Mrs. Anthony.

Mrs. Calvina Anthony, wife of A. J. Anthony, died at her home in this city, on Saturday, after a lingering illness. A tumor had been removed from her breast some weeks ago. She recovered from the shock, but rheumatism followed and general prostration ensued. She died peacefully, after a long and severe suffering. The funeral took place from the family residence at 4:30 o'clock, Sunday afternoon, and the remains were followed to the Maple Grove cemetery by a number of sympathizing friends. The funeral sermon was delivered by Rev. Mr. Westwood of Emporia, in an impressive and fervent manner, to a large number of sympathizing friends and neighbors.

Mrs. Anthony was a woman highly esteemed by all who enjoyed her acquaintance. She was a sincere Christian, and wrote much on literary and religious thoughts. The first Sunday school and religious society founded in Dodge City was conducted by her. She was a member of the Presbyterian church since eleven years of age.

Mrs. Anthony was a woman of fine Christian character, and kindly disposition; and she was much respected.

Mrs. Anthony was born near Lake Providence, Miss., 57 years ago. She was married to A. J. Anthony, in St. Louis, in 1871, and moved to Dodge City that year. The family lived in a quiet and pleasant home in the west part of the city.

There were present during her illness and death, her three children by a former marriage: John Chambliss of Natchez, Miss.; Hiram Chambliss of this city, and Mrs. W. W. Driskell of Spearfish, South Dakota. Mrs. D. M. Frost of Garden City, a sister of the deceased, was also present. Five children survive her by her second marriage.

The sympathy of the community is extended to the bereaved husband and children in their affliction.

Among the beautiful flowers given were "Gates Ajar" from her old friends, and "At Rest" from the Ladies' Aid Society of the Presbyterian church.

THANKS.—We desire to return our sincere thanks and gratitude to our friends and neighbors who so kindly rendered assistance and sympathy in our affliction and bereavement. May the good Lord bless and help all who helped us in our time of severe trial.

The following teachers were selected: Miss Lulu Pine, who will probably be assigned to the third primary room; Miss Sybil Dodge; Miss Minnie Knay, of Wilburn township, and Miss Amelia Etrick. Mrs. J. W. Gilbert was appointed musical instructor. She is to give two lessons a week in vocal music in each room for \$25 a month.

The appointments heretofore made are: E. D. Webb, superintendent, and Misses Stella and Mary Imel. Jessie Kellogg, Mary Hale and Gertrude Jordan. The instruction in vocal music will be advantageous to all school children. Instruction in this has been followed in the schools by the teachers, but the time was taken from other work. The third primary room will be located in the basement of the Third ward school building.

The San Jose scale is injuring a large number of fruit trees in Kansas, and in Gray and Ford counties the scale is damaging the apple, crab and pear trees. E. M. Carpenter of Cimarron, says he has noticed the ravages of this dangerous insect on many trees. In California spraying and other remedies are used, but sometimes without much effect. Stringent laws are applied to the prevention of the scale, and trees are inspected before planting by officers appointed under the laws of the State.

Six counties in Oregon report a gain of 4000 votes for sound money since 1898. There is no reason why the straw may not be accepted for the whole country.
